

## WANDERSON SOUZA SANTOS

Rigger

**Date of birth:** September 15th, 1984

**Nationality:** Brazilian

**Additional Languages:** Basic English

### Academic Background:

- MECHATRONICS TECHNICIAN: Instituto Nossa Senhora da Glória (2010)
- INDUSTRIAL MECHANICAL TECHNICIAN: José Rodrigues da Silva Technical School (2008)
- BACHELOR OF ADMINISTRATION: UNOPAR – Universidade Norte Do Paraná (2023)

### Safety Courses and qualifications:

- CBSP
- HUET
- NR 33
- NR 34
- NR 35
- NR 37
- Mooring system training
- Instruction for outlining pull-in/pull-out operations
- Procedure for blocking and tagging vessels
- Basic and advanced hydraulic units
- Torque wrench course (HYDRATIGHT)
- Training for preparation and execution of pull-in/out services
- Premium and API connections course
- Clamping machine course
- Radiation Course
- Team management and people development
- Lean manufacturing methodology
- Six Sigma Course
- Yellow Belt Training

## **Professional experience:**

2021 - present      - **OCEÂNICA**  
• Pull-in/Pull-out Supervisor

- Responsible for interconnecting pipelines.
- Responsible for preparing reports for sending to the contractor. Rdo /Photographic record/anomaly record/equipment checklist/operational checklist/Meeting with work fronts.
- Ensure safety conditions for carrying out operations.

2011 - 2021      - **VALLOUREC TRANSPORTES SERVIÇOS**

• Operations technician (2019 - 2021)

- Develop operational standards and procedures.;
- Test resources and improvement ideas for jobs.;
- Have direct contact with planning and customers;
- Perform material collection inspection;
- Test materials and resources for good production.

• Production leader/supervisor (2017 - 2019)

- Management of OCTG tube preservation lines;
- Management of machining lines;
- Interface with the Planning, Logistics and Quality areas;
- Management and improvement in safety, quality and production performance;
- People development and team maturity;
- Daily Security debates;
- Providing Feedback;
- Training and qualification of operators;
- Development of new processes.

• Yard Supervisor (2015 - 2017)

- Responsible for supplying factories;
